Executive Summary

On December 8, 2026, City Council formally adopted the Facilities Utilization Task Force (FUTF) via Resolution 2025-21. Pursuant to Section 4 of RES. 2025-21, the FUTF is expected to conclude its work no later after the first meeting and if more time is needed, the Co-Chairs may request an extension requiring the approval of the majority of City Council. The First meeting of the FUTF was held on December 2, 2025, meaning the FUTF's conclusion date, without extension, would be March 2, 2026.

Tonight, the Task Force Co-Chairs are requesting a three (3) month extension – until June 2, 2026. This extension was discussed with the entirety of the Task Force at January 7, 2026, meeting with unanimous consensus. The FUTF recommends a time extension to allow for ample time to appropriately conduct the methodology necessary to meet the deliverables that are outlined in Resolution 2025-21.

Such Methods include but are not limited to:

- A survey or study of residents and users of the Library, Senior Center, and Community Building facilities,
- Conducting site visits of regional facilities
- Interviews of staff and industry professionals

If the time extension is approved as presented (until June 2, 2026), the report and presentation of deliverables would occur at the first regular City Council meeting in June (June 8, 2026). A summary of the FUTF's milestone dates is outlined below

Task Force Milestone	Date

Executive Summary

During the 2026 Budget process and due to the onboarding of new staff in the Development Services Division and Public Works, the City Manager committed to returning to City Council after the first of the year with recommended changes to the Master Fee Schedule, as well as City Council’s following questions:

1. What could be done to improve operational efficiency by disincentivizing excessive re-inspections and re-submittals of permitting and planning documents
2. What could be done to shorten the duration of residential construction projects
3. Were City of West University Place development fees inline with cities of our type and size

To fulfill this request, the department communicated with and received fee schedule information from the cities of Southside Place, Piney Point Village and Bellaire. The presentation information and corresponding recommendations that will be presented are based on the fee pricing from these three municipalities. Please keep in mind that this is not a full cost recovery analysis of West University Place development fees. A cost recovery analysis is significantly more involved, and they are typically performed by a consulting firm on behalf of a city.

Lastly, there will be a recommendation to increase the fee associated with Sexually Oriented Business and Adult Arcades.

Recommended Action

Staff recommends City Council approve Resolution No. 2026-01 amending the 2026 Fee Schedule.

PERMIT FEES COMPARISON WITH SIMILAR CITIES

- This is a peer city review.
- This is not a cost recovery analysis.
- This is not an apples-to-apples comparison because fees can be structured differently at each jurisdiction.
- In some cases, other municipalities may not have fees for items that we have and vice versa.

PERMIT FEES COMPARISON WITH SIMILAR CITIES

- The City of West University Place information was taken from the 2026 Fee Schedule - Fees and Charges Schedule.

PERMIT FEES COMPARISON WITH SIMILAR CITIES

- Intent of the recommendations:
 - Builders to finish faster and adhere more closely to code.
 - Improve plan submittal quality
 - Ensure PW fees are consistent with similar organizations
 - Improve the efficiency of PW operations (inspections, re-inspections, plan review, plan re-review, etc.)

CITY OF WEST UNIVERSITY PLACE
HARRIS COUNTY, TEXAS

RESOLUTION NO. 2026-01

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WEST UNIVERSITY PLACE, TEXAS, AMENDING AND ADOPTING THE CITY OF WEST UNIVERSITY PLACE 2026 FEE SCHEDULE AND ESTABLISHING AN EFFECTIVE DATE.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WEST UNIVERSITY PLACE, TEXAS:

Section 1. The City Council of the City of West University Place, Texas, adopted the 2026 Fee Schedule on September 22, 2025, with an effective date of January 1, 2026.

Section 2. The City then adopted an updated 2026 Fee Schedule on October 27, 2025, with an effective date of January 1, 2026.

Section 3. The City has conducted additional review of the current fee schedule and has determined that a change is necessary to properly cover the cost of providing various services or regulations.

Section 4. The City Council has reviewed the “City of West University Place Fee Schedule updated 1.8.26” attached hereto as **Exhibit A** and made a part hereof for all intents and purposes and finds that such fees are reasonable and necessary to cover the actual costs of services or regulation provided by the City.

Section 5. The City Council hereby adopts the “City of West University Place Fee Schedule updated 1.8.26” which amends certain fees.

Section 6. Any fees not expressly updated on **Exhibit A** remain in full force and effect as adopted in the Resolutions adopted on September 22, 2025, and October 27, 2025.

Section 7. The updates to the City of West University Place Fee Schedule shall become effective immediately upon passage.

PASSED, APPROVED, AND RESOLVED this 9th day of February 2026.

F.021	ZONING & PLANNING COMMISSION			
	Plats and replats	The fee is the City's actual cost of plat review, plus incidentals. The review is done by a planner retained by the City or by City staff. Incidentals include legal notices, surveys, title and legal work, research, signature requests, recording, copies, etc., as may be required and not provided by the applicant. DEPOSIT. A deposit amount (due with the preliminary application) is estimated by the City staff, but the minimum deposit is \$500 base fee (or \$200.00 base fee for amending plats only), plus \$10.00 for each lot and reserve shown on the plat or replat, plus \$100 for those requiring newspaper legal notice, plus \$100.00 for each separate legal instrument needed (easements, etc.).		
	Rezoning requested by applicant for that person's special benefit	\$500 \$5,000 plus out-of-pocket costs for drafting and review by planner, engineer, attorney and other consultant. A deposit is estimated by the city planner, and may be increased as the matter proceeds. The deposit must be increased to cover the estimated full costs at these stages: (1) before the meeting of the Commission to consider a preliminary report, (2) before any hearing notices are sent out and (3) before the meeting at which the Commission considers its final report.		
F.022	ZONING BOARD OF ADJUSTMENT			
	Appeal of building official decision	\$250.00. Exception: \$500.00 plus out-of-pocket review costs for appeals requiring review by planner, engineer, attorney or other consultant. A deposit is estimated by the city planner and must be paid with the application. The full cost is payable before the hearing. In addition to all other fee items, the applicant must pay the actual cost of notices; see below.		
	Special exception	\$1,000 per exception per proposed building site affected. Exception: \$1,000 plus out-of-pocket review costs for exceptions requiring review by planner, engineer, attorney or other consultant. A deposit is estimated by the city planner and must be paid with the application. The full cost is payable before the hearing. In addition to all other fee items, the applicant must pay the actual cost of notices; see below.		
	Variance	\$1,000 per variance per proposed building site affected. Exception: \$1,000 plus out-of-pocket review costs for variances requiring review by planner, engineer, attorney or other consultant. A deposit is estimated by the city planner and must be paid with the application. The full cost is payable before the hearing. In addition to all other fee items, the applicant must pay the actual cost of notices; see below.		
	Other application	\$1,000 per action item requested. Exception: \$1,000 plus out-of-pocket review costs for appeals requiring review by planner, engineer, attorney or other consultant. A deposit is estimated by the city planner and must be paid with the application. The full cost is payable before the hearing. In addition to all other fee items, the applicant must pay the actual cost of notices; see below.		

		FY 2025	FY 2026	
	Cost of notices	In addition to all other fee items, the applicant must pay the City's actual out-of-pocket cost of giving notices and recording decisions in the real property records. A deposit of \$200.00 is due at the time of application. Any excess cost must be paid before the hearing or release of decision.		
	Refunds	No fees or costs are refundable unless: (i) the applicant prevails, (ii) the ZBA reverses or modifies an administrative interpretation or other decision; and (iii) the ZBA determines that a refund (full or partial) would be just and equitable under the facts and circumstances of the case.

Executive Summary

The City Council requested a discussion on stop signs in West University Place and the Manual on Uniform Traffic Control Devices (MUTCD), as it relates to stop signs in determining when a stop sign is warranted.

Below is the MUTCD’s criteria for determining if a stop sign is warranted or not:

Section 2B.12 All-Way Stop Control

Support:

01 The provisions in the following sections describe warrants for the recommended engineering study to determine all-way stop control. Warrants are not a substitute for engineering judgment. The fact that a warrant for a particular traffic control device is met is not conclusive justification to install or not install all-way stop control. Because each intersection will have unique characteristics that affect its operational performance or safety, it is the engineering study for a given intersection that is ultimately the basis for a decision to install or not install all-way stop control.

02 All-way stop controls at intersections with substantially differing approach volumes can reduce the effectiveness of these devices for all roadway users.

Guidance:

03 The decision to establish all-way stop control at an unsignalized intersection should be based on an engineering study. The engineering study for all-way stop control should include an analysis of factors related to the existing operation and safety at the intersection, the potential to improve these conditions, and the applicable factors contained in the following all-way stop control warrants:

- A. All-Way Stop Control Warrant A: Crash Experience (see Section 2B.13)
- B. All-Way Stop Control Warrant B: Sight Distance (see Section 2B.14)

AGENDA MEMO

Business of the City Council
City of West University Place, Texas

- C. All-Way Stop Control Warrant C: Transition to Signal Control or Transition to Yield Control at a Circular Intersection (see Section 2B.15)
- D. All-Way Stop Control Warrant D: 8-Hour Volume (Vehicles, Pedestrians, Bicycles) (see Section 2B.16)
- E. All-Way Stop Control Warrant E: Other Factors (see Section 2B.17)

Option:

04 The decision to install all-way stop control on site roadways open to public travel may be based on engineering judgment.

Standard:

05 The satisfaction of an all-way stop control warrant or warrants shall not in itself require the installation of all-way stop control at an unsignalized intersection.

Recommended Action

Staff recommends City Council discuss and provide feedback.

Executive Summary

The City Council requested a discussion on different measures available to improve air quality within the City. The following are items for specific discussion, but not limited to the only ideas for air quality improvements:

- Requiring contractors to prevent the dissemination of airborne particles from construction activities
- Requiring contractors to place coverings on trash dumpsters left on-site overnight,
- Prohibiting the use of leaf blowers within the City rights-of-ways to reduce airborne particles of road contaminants, limit noise, and prevent yard waste from ending up in drainage systems,
- Considering the harmful impacts of residential demolition,
- Reviewing West U demolition permit requirements vs state remediation requirements,
- Enforcing safe lead and asbestos remediation practices prior to residential demolition, and
- Reviewing the current single hose requirement for friable asbestos management.

Recommended Action

Discuss and provide feedback and direction.

QUARTERLY INVESTMENT REPORT

31-Dec-25

Presented January 27, 2026

ECONOMIC SUMMARY - DECEMBER 2025

- The Federal Reserve convened twice during the third quarter. Available indicators suggest that economic activity has been expanding at a moderate pace. Job gains have slowed this year, and the unemployment rate has edged up through September. More recent indicators are consistent with these developments. Inflation has moved up since earlier in the year and remains somewhat elevated.

The Committee seeks to achieve maximum employment and inflation at the rate of 2 percent over the longer run. Uncertainty about the economic outlook remains elevated. The Committee is attentive to the risks to both sides of its dual mandate and judges that downside risks to employment rose in recent months.

In support of its goals and in light of the shift in the balance of risks, the Committee decided to lower the target range for the federal funds rate by 1/4 percentage point to 3-1/2 to 3 3/4 percent. In considering the extent and timing of additional adjustments to the target range for the federal funds rate, the Committee will carefully assess incoming data, the evolving outlook, and the balance of risks. The Committee is strongly committed to supporting maximum employment and returning inflation to its 2 percent objective.

-Metro Houston jobs showed continued growth through late 2025, with total nonfarm employment in the Houston MSA rising to approximately 3,467,700 by September 2025. The unemployment rate for the Houston MSA in September 2025 was about 4.8%, compared with 4.0% for the State of Texas.

- Consumer Price Index for the Houston MSA core based statistical area declined 0.1% for the two months ending in August 2025. Assistant Commissioner for Regional Operations Michael Hirniak noted that a 2.1-percent fall in the energy index was the leading factor in the all items decrease. The index for food rose 0.4 percent over the same period, while the all items less food and energy index was unchanged.

PORTFOLIO TRANSACTIONS - For the Quarter Ended December 2025

- Total Book Value of the City's portfolio increased by \$7,859,923.34 from \$108.6 million to \$116.4 million for the quarter, which was primarily due to receipts of property, sales, and franchise taxes as well as charges for services exceeding operating expenditures and the sale of capital bonds. This is expected for this time of year, since the majority of the City's revenue is derived from property tax receipts, which are primarily received during the first and fourth quarters of each year.

- Investments in TexPool increased by \$17.1 million for the quarter, from \$26.1 million to \$43.2 million. Investments in TexasClass increased by \$112 thousand in interest. Cash in JP Morgan Chase Bank decreased by \$9.4 million for the quarter.

- The full listing of transactions for the quarter can be found in the report.

Executive Summary

Attached is the November 2025 monthly report from the Finance Director to the City Council, which is also available on the City's website.

There is approximately a 6 - 8 week lag between the end of the reporting month and when the report is provided to Council. This provides time to close out the month, reconcile the accounts, address any issues, and meet the submittal deadline for the City Council meeting.

Recommended Action

Staff recommends that the City Council receive the City's November 2025 Monthly Financial Report.

FINANCIAL SUMMARY FOR THE PERIOD ENDING November 30, 2025

Attached are the revenue and expenditure reports for the period ending **November 30, 2025**, which reflects 92% of the year. The expenditure report shows actual expenditures for the current month as well as year-to-date and compares it to the annual budgeted appropriations. The explanations provided are based on the year-to-date amounts excluding outstanding purchase orders. The revenue report shows actual receipts recorded as of the end of the month compared to the annual budgeted estimations. In this packet, all of the City's funds are presented.

GENERAL FUND

General Fund revenues have exceeded the pro-rata share of the budget at this point in the fiscal year. Property tax bills for 2025 were mailed in November and are delinquent February 1. Property Tax collection of \$15.08 million are for 2024 taxes, 99% of budget. Licenses & Permits and Charges for services are above budget. Municipal Court fines are slightly below budget. Interest earnings for eleven months are at 94% of the budget. The Intergovernmental revenue is over budget due to the receipt of FEMA and state funds for hurricane Beryl.

All departments are below their pro-rata share of the budget. The Finance department includes the \$1.8M transfer to the Capital Reserve Fund. Half of the first payroll paid in January 2025 was expensed back to December 2024 since it is for 2024 time worked. Departments that have vacancies at this time are Police, Parks, and Public Works.

WATER & SEWER UTILITY FUND

With a one month lag due to billing in arrears November's billing for October is above budget for the year. January's billing for December consumption was accrued to 2024. Expenditures for Public Works are under budget since there is only 8 months of expenses to the City of Houston for purchasing surface water.

SOLID WASTE FUND

Again, with the one month lag in billing, November solid waste collection revenues are on target for this point in the fiscal year. January's billing for December services was accrued back to 2024. Overall, expenditures for the fund are under the pro-rata for the period.

TECHNOLOGY MANAGEMENT FUND

Technology is integral to the City's ability to provide efficient and necessary services to the citizens. The Technology Management Fund was created to centralize those expenditures, consolidate the management of the resources needed to maintain existing systems and to deploy new solutions. Revenues and expenditures are as expected for the current period.

VEHICLE REPLACEMENT FUND

The Vehicle Replacement Fund finances the purchase of vehicles routinely used in providing City services. Each department makes contributions to the fund based on the estimated life and replacement cost of the vehicles it uses. The fund purchases vehicles when a combination of age and repair cost indicates the machine or vehicle has reached the end of its service life; therefore, the expenditures patterns do not follow the pro-rata model. To date, two garbage trucks, a truck for Parks, and a police vehicle have been purchased. There were also expenses incurred to repair a bucket truck.

FINANCIAL SUMMARY FOR THE PERIOD ENDING November 30, 2025

ASSET REPLACEMENT FUND

The Asset Replacement Fund (formerly known as the Equipment Replacement Fund) finances the purchase of assets routinely used in providing City services. The fund operates in the same manner as the Vehicle Replacement Fund in that each department makes contributions to the fund based on the estimated life and replacement cost of the equipment it uses. The fund purchases equipment when a combination of age and repair cost indicates the equipment has reached the end of its service life; therefore, the expenditures patterns do not follow the pro-rata model. To date the only expenses incurred are for the Recreation center UV cabinet replacement, Chaise Lounge replacement, the SQL Server hardware refresh, Stripper/Driver System, Belt Press Sludge Pump, and two new lift pumps at lift station #12.

EMPLOYEE BENEFIT FUND

The Employee Benefit Fund facilitates accounting and oversight for the cost of medical and dental insurance, worker's compensation, life insurance, and disability benefits. Revenues and expenditures are under budget due to vacancies.

HUMAN RESOURCES SERVICES FUND

The Human Resources Fund was created in 2020 to break out the non-medical related expenses from the Employee Benefit Fund. The General Fund contributes all funds needed for this fund. Examples of some of the expenses are hiring and recruiting, tuition reimbursement, and incentive/awards. Expenditures patterns in this fund will not follow the pro-rata model.

DEBT SERVICE FUND

The Debt Service Fund is established by ordinances authorizing the issuance of General Obligation Bonds and Certificates of Obligation (CO). The City uses debt financing to fund large capital investments. Streets, drainage, water and wastewater systems are all constructed with borrowed funds. Property tax dollars do not finance all of the City's bonded debt service. The Water and Sewer Fund also provides funds to repay debt. Funding the 2025 debt service payments requires an ad valorem tax rate of \$0.061858 per \$100 of assessed value in tax year 2024, a decrease of 21.1%. Debt Service payments are due semi-annually on February 1 and August 1. Principal and interest is due February 1 and interest only is due August 1. The payment of the bond principal and interest for February paid at the end of January and the interest payment made at the end of July causes expenditures to be above the pro-rata for this period.

CAPITAL PROJECT FUNDS

Capital Project Funds are used to account for the purchase or construction of equipment, property, and buildings. West University Place has nine active capital project funds. They are the Capital Project, Capital Reserve, 2019 Certificates of Obligation, General 2022 Certificates of Obligation, General 2025 Certificates of Obligation, Transportation Improvement, Water & Sewer Capital, Water & Sewer 2022 Certificates of Obligation, and Water & Sewer 2025 Certificates of Obligation Funds. On the following pages is a summary of spending by project.

SPECIAL REVENUE FUNDS

Special Revenue Funds are created to account for the proceeds from specific revenue sources that are restricted to expenditures for specific purposes. The City has 15 active Special Revenue Funds in 2025. Not all expenditures can be anticipated enough to include in the original budgeting process. Budget amendments for 2025, if necessary, will be made at year-end to reconcile any affected accounts. To date, expenditures include the recreation center jogging track improvements and Fun Run race equipment from the Parks Donation Fund, Pet waste receptacles, furniture for Colonial Park West end deck from the Friends of West U Fund, Weir Park Court upgrades, Tree Trust planting expenses, a scanner for court from the Court Technology Fund, bailiff pay from the Court Security Fund, and rifles and ammunition from the Public Safety Training Fund have been made.
