COVID-19 Council Update – September 12, 2020

- As of September 12, the statewide COVID-19 positivity rate was 8.11%. The positivity rate for the Greater Houston Area is 4.1% as reported by the Texas Medical Center which has improved from the rate of 4.7% last week.
- Hospital ICU Capacity has improved and is now 88% full under Phase I configurations.
- Harris County Public Health data indicates that WestU has a total of 49 confirmed cases of COVID-19, 3 of these cases is “Active” and 46 have “Recovered”. Zero “Deaths” have been reported in WestU due to COVID-19.
- The Harris County COVID-19 Threat Level System remains at Level 1 – SEVERE despite the improving conditions. If current trends continue, a decrease in this threat level system should occur very soon.
